PROFESSIONAL SUMMARY

Front-end developer with more than 5 years of experience building web applications using technologies such as Angular, React, and Next.js. I have contributed to enterprise projects within multicultural and distributed teams, working with modern architectures such as Microfrontends, Server-Driven UI, Design Systems, and cloud service integrations. Focused on continuous learning, process improvement, code quality, and delivering efficient solutions, with experience in agile methodologies, AWS, and AI-powered tools applied to the development workflow.

CORE COMPETENCIES

- ✓ **Languages and Frameworks:** React, Next.js, Angular 8+ NodeJS,, JavaScript, TypeScript, HTML, CSS, SCSS, LESS.
- ✓ **Frontend Architecture:** Server-Driven UI (SDUI), Microfrontends, Nx Monorepo, Design Systems, BEM, Atomic Design, Storybook, Material UI.
- ✓ **Testing & Quality:** Jest, Jasmine, Karma, functional testing, regression testing.
- ✓ **AI Productivity Tools:** Kore.ai, GitHub Copilot, Claude Code, Cursor, AI-assisted development workflows.
- ✓ **Cloud & Tools:** AWS, Git, GitHub, GitLab, IntelliJ, Maven, npm.
- ✓ **Agile & Documentation:** Scrum, Kanban, Jira, Confluence.
- ✓ **Integrations:** GraphQL, Apollo, REST APIs.

PROFESSIONAL EXPERIENCE

Capgemini

Software Engineer – Frontend | December 2025 – Present

- Develop UI components using **React**, **TypeScript**, **SCSS**, and **LESS** for an enterprise travel and booking platform.
- Implement **Server-Driven UI (SDUI)** patterns to build dynamic and configurable user experiences.
- Integrate conversational AI solutions with **Kore.ai** for flight and hotel reservation flows.
- Work in cloud-based environments using **AWS** services.
- Set up and run local development environments involving multiple backend services.
- Use **IntelliJ**, **Maven**, **npm**, **GitHub Copilot**, and **Claude Code** as part of the development workflow.
- Follow agile development practices under **Scrum**, using **Jira** and **Confluence** for task management and documentation.

PROFESSIONAL EXPERIENCE

MasGlobal Consulting

Mid-Senior Frontend Developer | July 2025 - December 2025

- Developed web applications with **Next.js**, **React**, **JavaScript**, **TypeScript**, **Zod**, and **Redux**, focused on performance and scalability.
- Implemented reusable interfaces with **Material UI**.
- Worked with **Microfrontends** architecture in an **Nx Monorepo**.
- Collaborated with enterprise and distributed teams under the **Scrum** methodology.
- Used **GitHub Copilot** and **Cursor** as part of the development workflow.

Publicis Global Delivery (PGD)

Experience Technology Engineer | May 2022 - July 2025

- Developed and maintained web applications using **HTML**, **CSS**, **SCSS**, **JavaScript**, **TypeScript**, frameworks such as **React** and **Next.js**, and cloud services such as **AWS**.
- Implemented and created design systems using BEM and **Storybook**, ensuring a consistent and reusable design architecture.
- Developed unit tests with **Jest** to ensure high-quality code delivery.
- Integrated **GraphQL** and **Apollo** services for efficient data management.
- Tracked and managed tasks following agile methodologies such as **Scrum** and **Kanban**.

Banco de Occidente

Edge Front-end Developer | May 2021 - May 2022

- Developed and maintained the bank's web application for internal credit card processes, using **HTML**, **CSS**, **SCSS**, **JavaScript**, **TypeScript**, frameworks such as **Angular** and **Bootstrap**, libraries such as **RxJS** and **NgRx (Redux)**, and **Microfrontends**.
- Managed Amazon Web Services (**AWS**) for cloud infrastructure.
- Developed unit tests with **Karma** and **Jasmine** to ensure code quality.
- Tracked and managed tasks following the **Scrum** agile methodology.

Coomeva EPS

National Development Analyst | June 2019 - May 2021

- Developed applications with **PHP**, **JavaScript**, **TypeScript**, **PL/SQL**, and technologies such as **HTML**, **CSS**, **Bootstrap**, **Angular**, and **jQuery**.
- Performed functional, stress, and regression testing, ensuring quality.
- Analyzed solutions for requirements, maintaining consistency across applications and ensuring compliance with company development standards.
- Reviewed processes performed within information systems across each phase of the software development life cycle, as well as technical and functional documentation.

PROFESSIONAL EXPERIENCE

Municipal Council of Cali

Multimedia Engineer/Webmaster | May 2019 - September 2019

- Created and designed content for social media.
- Administered and managed the mobile application.
- Developed and designed the website using a CMS (**WordPress**).

Colgate Palmolive

Web Designer | March 2018 - July 2018

- Created and designed assets for web content.
- Managed **Adobe Experience Manager (AEM)** CMS for web page creation.
- Migrated web content.
- Created and modified templates.

EDUCATION

2018 - 2020 | Universidad San Buenaventura De Cali

Postgraduate Specialization in Project Management

2010 - 2016 | Universidad San Buenaventura De Cali

Bachelor's Degree in Multimedia Engineering
